Dear Bethan Littley

Thanks for the information. The following is Sutiman's article.

About spreadsheets of PDF titles, did you mean a list of titles and authors? If that is true, I attach the following list of article titles and authors (except for 1 rejected article, it is H.A. Pambudi's article).

If not, we've got a spreadsheet of PDF names and article titles from IoP, but something went wrong. The mistake are that the list without Sutiman's article and articles that have been rejected remain on the list.

Kind regards,

Yosep Efendi

Dear Yosep Efendi,

Apologies for the delay in processing your conference. Please could you resupply the missing article: "*Challenges In Developing Work-Based Learning Among Diploma III Automotive Engineering Study Programs, Faculty of Engineering, Yogyakarta State University*" by sutiman.

Please could you also supply an amended spreadsheet of all the correct PDF titles.

Kind regards,

Bethan

Subject: Re: JPCS 1273 (ICoVEMAT 2018_

Dear Lizzy Raj

Sorry, it looks like there are differences in the files we see. After I check again, on the spreadsheet file, the article named JPCSJ12731040.pdf has been rejected on June 6, 2019. Did the article not be rejected? (I will forward the email about rejecting the article).

In addition, we lost the article with the title "*Challenges In Developing Work-Based Learning Among Diploma III Automotive Engineering Study Programs, Faculty of Engineering, Yogyakarta State University*". the article was written by sutiman.

I will share with you the google dropbox link to the article files that I left to Kayleigh Parsons.

Dear Yosep Efendi,

Thanks for your email.

We noticed that there is a complete disarrangement of titles in the spreadsheet we received from IOP and hence the replacement pdfs you sent us do not match with the ones that were sent to us. It would be great if you could send us an updated spreadsheet with the correct list of titles?

Many thanks for your help.

Kind regards,

Lizzy

Dear guest editors,

This conference proceedings is now in production.

All the files have been renamed to reflect the journal, volume, issue and article number in the order they will be published. Please, use the attached file for reference.

The PDFs of the articles are currently being checked for potential problems. If any are found, my colleague Ms Lizzy Raj will contact you in approximately 7 days. Her email will contain a list of the problems. You will also be given a deadline by which you should supply the replacement PDFs to avoid a delay in publication.

Any replacement PDFs should be named according to the attached list.

When you receive the request for replacements, please contact the authors of the problematic articles immediately, asking them for corrected PDFs, and email the revised files back to Ms Raj as soon as possible.

Please refer to the attached list to check you have used the correct article names as incorrectly named files may cause a delay in the processing of your conference.

We will not make any changes to PDFs you have supplied, except for adding watermarks.

Please, note that after the watermarking complete we will not accept any replacements of the

PDFs. **So now is the time to do the final check of all the PDFs you submitted to us.** If you

need to replace any of the files, you must send the revised, correctly named PDFs to Ms Raj (lizzy.raj@mpslimited.com)

before the deadline or, if not contacted, within 2 working days from receiving this email. Otherwise all PDFs will be published as supplied.

If you have any questions about the process, or about your conference in general please do not hesitate to contact me.

Sincerely,

Timothy Vivian-Shaw
