INTRODUCTION

In the name of Allah, the Most Gracious, the Most Merciful

Praise be to Allah, the Lord of the universe.

To begin with, we would like to express our gratitude to Allah SWT for His blessings and everything given to us so that the abstract compilation of the International Conference on Multidisciplinary Research (ICMR) 2014 could be done well. The articles are from various countries: Indonesia, Malaysia, Singapore, Thailand, Phillipine, USA, India and Pakistan.

The conference is conducted based on a Memorandum of Understanding of three universities; UISU, Unsyiah, and USM. The first conference was held at USM Penang, Malaysia in 2012, the second at Unisyah, Banda Aceh in 2013, and the third at UISU, Medan in 2014.

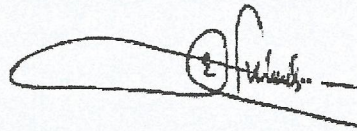

“Through International Seminar We Build Synergism among Various Fields of Science and Technology for the Betterment of Human Life”, is the theme of the conference, categorized into:

1. Bio-Science, 2. Applied Social-Science, 3. Pure Social-Science, and 4. Engineering.

This compilation consists of four abstracts of Keynote Speakers, two of Special Presenters, of all other participants, and seven Posters. Schedule of the seminar sessions are also included.

Medan, October 2014

Chairman,

Prof. Drs. Jumino Suhadi, M.A., Ph.D

ABSTRACT

This study has two objectives. Firstly, researchers have elaborated the multicultural citizenship character based pillars of Indonesian consensus, that was articulated by the People's Consultative Assembly (MPR) of the Republic of Indonesia in the Islamic high schools (*Madrasah Aliyah*), mainly since the enactment of the Curriculum 2006 in Civics Lesson. Second, the results of the acquisition of a model of coaching effectiveness has been categorized based on the components of competency of civic education in schools as adopted in the prevailing paradigm of civic education. The main problem is how Islamic values and the national character building integrated by the Civic Education Subject at the *Madrasah*. The study has been conducted through focus group discussions with civic teachers of Madrasah Aliyah at Yogyakarta Province. The finding of the research documented the good-practice of the integrating the Islamic and nationalism values by civic characters in the Madrasah. The result of this research is the formulation of a model-based character building multicultural citizenship national values as well as Islamic values.
