Dear Anthony Robinson

For Sure.

The file named "SAJ-19931411 Methodology Revision" is the last revision from reviewers 1 and 2.

The first reviewer suggested me to enrich the evaluation literature, use words that are used internationally orientation such as putting away the word "normal people", and highlight the usefulness of the research.

The second reviewer wanted me to add more information on methodology and explore more about the program or phenomenon.

Those comments have been affected in the mentioned file.
