A. READING

Skimming

In general reading, there is an important skill that you must master. It is called skimming. Skimming is reading fast. It is like reading the newspaper in the morning and you do not have a lot of time to do that. So, you only skim through the important headings of the paper. Skim through the text and answer the questions that follow.

Cohesive Devices

Cohesive devices are words used by a writer to link the sentences of a paragraph. To be cohesive means to be attached tightly with each other. This link is done by using cohesive devices. In addition to making a link, cohesive devices may also often function to provide variation in the way a paragraph is written. Look at the paragraph below.

The type of food eaten by a fish changes as it grows. A newly-hatched trout does not feed at all during the first weeks of life. In contrast, a newly-hatched perch is active as soon as it hatches. It swims up to the surface of the water and take in air to inflate its swim bladder. Air must be swallowed into the swim bladder through the gut before the perch is a few days old. A group of trout like to swim around white rocks. Meanwhile, perches like to form another group. They like to hang around the wild weeds.

The use of in contrast in line 2 links Sentence 2 to Sentence 1. By reading this cohesive device, we can understand that the writer is comparing between trout and perches. The use of meanwhile, also links between this sentence and the sentence before.

Below are some other cohesive devices. These are not the complete examples. You have to look into your dictionary to find more of such words used as cohesive devices.

C. GRAMMAR

Sentence Pattern: SVO

Last week, we studies the SVC sentence pattern. Now, we are studying the second sentence pattern: SVO (Subject + Verb + Object). A sentence of this pattern consists of a subject, and a verb, and an object as its predicate. An object is a recipient of the action stated by the verb of the sentence. An object is closely related to the verb of the sentence (compare this with the function of a complement described last week).

The store sells many things.
My aunt always makes very good cake for the Lebaran day.
A group of small children followed us.
They have been discussing the technical problems since 8 o’clock in the morning.

We can identify the pattern of these SVO sentences as follows:

<table>
<thead>
<tr>
<th>The store</th>
<th>sells</th>
<th>many things.</th>
</tr>
</thead>
<tbody>
<tr>
<td>S</td>
<td>V</td>
<td>O</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>My aunt</th>
<th>always</th>
<th>makes</th>
<th>very good cake</th>
<th>for the Lebaran day.</th>
</tr>
</thead>
<tbody>
<tr>
<td>S</td>
<td>Adv</td>
<td>V</td>
<td>O</td>
<td>Adv</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>A group of small children</th>
<th>followed</th>
<th>us.</th>
</tr>
</thead>
<tbody>
<tr>
<td>S</td>
<td>V</td>
<td>O</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>They</th>
<th>have been discussing</th>
<th>the technical problems</th>
<th>since 8 o’clock in the</th>
<th>morning.</th>
</tr>
</thead>
<tbody>
<tr>
<td>S</td>
<td>V</td>
<td>O</td>
<td>Adv</td>
<td></td>
</tr>
</tbody>
</table>
