I. DESKRIPSI MATA KULIAH

This course aims to examine how stretches of language, considered in their full textual, social, and psychological context, become meaningful and unified for their users. It provides insights into the problems and processes of language use and language learning, and is therefore of great importance to language teachers. Then, it also aims to explain the theory of discourse analysis and to demonstrate its practical relevance to language learning and teaching.

This course is mostly theoretical in which students are engaged in lectures, discussions and literature studies. Assessment is conducted in terms of students’ classroom participation, assignment, mid and final tests.

II. STANDARISASI KOMPETENSI MATA KULIAH

After this course, the students are expected to 1) to understand the scopes of discourse analysis that will be beneficial in language learning, 2) to be able to analyze language use in a wide range of discourse types, 3) to know the contribution of discourse analysis in language teaching.
